Stunning French Bulldog Blue Fawn and Blue Sable top Quality Puppies

I am delighted to say our Bambi has had 5 gorgeous puppies 3 Boys 2 Girls

Bambi is our KC Registered Family pet who has raised these pups marvellously she is a Blue Fawn Girl with a heart of gold we are so proud of her!

She is a small and compact girl, stocky body and short legs and tail.

The Dad is a carefully picked KC Registered boy called Marlo who has such a good temperament and who is from a loving, caring family home.

He is small and coby type dog with beautiful blue and tan markings. He is fully health tested and his DNA is: At at dd Bb Ee nn Ky Ky

Both parents are a very good example of a French Bulldog and that has defiantly come through on these puppies they are small and compact, short tails, short legged, stunning head profile and beautiful colours. They really do stand out!

These puppies are from a family home brought up being handled by my kids every day, with 24hr supervision these puppies have been weaned on the best puppy food Simpsons Chicken and brown rice which comes highly recommended by my vet and will give them the best start in their life following on from there mums milk.

They each have their own little personalities they truly are a bundles of joy and a perfect companion for someone wanting to share their love and time or an addition to family home.

Puppy training is going very well and they all sleep through the night!
