Weshie puppies are most definitely the very best of both worlds. Mum is an excellent quality West Highland Terrier and dad is an excellent example of a Shih Tzu. Both parents have superb temperaments. The puppies have the loving nature of the Shih Tzu and the great sense of humour of their mum. We are looking for the best homes where they will become a valued member of a loving family. £400 ovno to approved homes only. They have been vet checked, and have now had both their injections and are microchipped.

I have 5 Weshie male pups for sale. These are small, non-moulting dogs perfect for both indoors and outdoors. Both male and female available. Mother and father can both be seen. No problem with children. Mother this is her second litter of healthy pups.

The Weshi is not a purebred dog. It is a cross between the Westie and the Shih Tzu. The best way to determine the temperament of a mixed breed is to look up all breeds in the cross and know you can get any combination of any of the characteristics found in either breed.

For more details about the puppies either leave your email address or telephone number for us to contact.
