My daughters Dawes Lottie 18" Wheel Bike makes light work of pedalling with its light alloy frame. Suitable for children from age 5, the Lottie is equipped with a Dawes alloy low step frame, steel unicrown fork, single speed freewheel, V-brakes, alloy rims with nutted hubs, and junior chainset with chainguard. This bike is in good condition, a small mark on the seat and a couple of paint work marks as you would expect with a much loved child's bike. This bike has also been security marked and registered with BikeRegister- details can be swooped to new owner. Reason for sale is a recent move to a larger.
