Berkley 2 door sliding wardrobe in black/walnut effect. Originally purchased from Dreams in August 2011. Item in excellent condition despite daily use. We currently use it in our downstairs entrance hall for hanging coats and storing shoes. As we are planning to add a downstairs toilet in that space so it will no longer fit. Hence reason for sale !

The inside can be configured to suit with shelving and hanging rails available to both sides.

Happy to help deconstruct/reconstruct at your home, if needed, provided you live in the local area.

Also willing to accept reasonable offers as looking for a quick.
