We specialise in:

Virtual Assistants (telephone answering service)

Diary Management

Admin

Book-keeping

Order processing

Here are 10 benefits to hiring a Virtual Assistant

VAs offer flexibility – they are available outside of normal hours, have no minimum hour commitment and are only paid for the hours they work.

VAs are trusted professionals such as your business, so your confidential business information is safe with your Virtual Assistant. Their own business allows you to use your time highly effectively and professionally, so you can focus on your work. You save time and money as you do not have to leave your office to have some of your work completed. Your work will be completed to perfection and delivered on time – or ahead of time.

Your VA will work closely with you to achieve seamless perfection of your projects – no one will ever know it wasn't completed in-house!

No HR headaches like tax, national insurance or employee benefits. Employees and temps are paid by you for coffee breaks, toilet visits and time taken for personal calls and issues.

VAs work from their own offices so you won't have to organise workspace or equipment for them.
