

# Gorgeous Cockapoo Puppies for sale (800 GBP)

Location

Yorkshire and the Humber, North Yorkshire

<https://www.freeadsz.co.uk/x-575861-z>

Our beautiful white F2 cockapoo dog Robyn has had her first litter of F2b cockapoo puppies. 2 Boys are left, (1) a light caramel with white patches, (2) a predominately black with a white patch on its belly. Dad is a pedigree black toy poodle and tested negative for the PRCD gene and won't develop PRA. Both mum and dad are loving family pets and Robyn's mum Ruby a red F1 cockapoo can also be viewed. I'm an experienced hobby breeder of 5 years. We have 4 kids and 4 dogs at home, so the pups will be well socialised and use to the usual family noises. 3 people that have purchased a puppy from us have gone on to buy a second puppy from us. We offer a open house to people buying our puppies, so you can regularly visit your pup. We would prefer to sell locally as we have great relations with our puppy owners and are always there to offer advice and even boarding if you have a holiday booked. The puppies will be microchipped and fully wormed and be ready to leave us at 8 weeks, on or after the 28th of April 2018. A £100 non refundable deposit is required to secure your pup. Only the best most suitable homes will be.
