Bought in 2016. In excellent condition, leather care kit included and 10 year warranty.
 Original price £3699

The second picture is the true representation of the colour - This has only been used for less than two years by a couple with no kids and pets - No scratches or marks.

A sleek and sophisticated corner sofa with an understated elegance. The attention to detail is clear, with intricate stitching and rolled arms – with a really soft and squidgy texture.

Offering excellent neck and back support, the leather sofa features contoured seats and backs, which keeps you comfortable in any position.

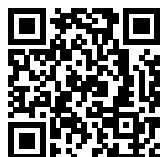

Real leather corner sofa with a chaise on one end and an electric recliner on the other, beer/snack holder in the middle next to the chaise. Built in modules, very easy to assemble.

This is collection only - From London Farringdon.
