Looking for unused and 'forgotten' small sized Cellos (1/4, 1/2 and 3/4) to be used by young learners in a social enterprise educational programme. Maybe you have a cello you or your children are no longer using and which is 'forgotten' somewhere in your house? Please consider giving it away, or lending it for some time to this cause. The instrument will be very well cared for and might make a difference to a young aspiring.
