Rigid Core Click Vinyl Flooring is completely waterproof not like laminate and wood flooring. It has got excellent acoustic and insulation properties due to the prefixed underlay.

Designed with 5G Drop-Lock system which makes the installation easy and quick. There is no need for adhesive, extra underlay or timely installation process. Rigid Core is perfect choice for any room in your house. It is suitable for heated conservatories and commercial use.

If you are looking for a stylish wood design flooring, rigid core is the right option for you. It has many advantages. The protective UV coating makes the floor easy to clean. The 0.55mm wear layer gives excellent protection against daily wear and tear. Our vinyl flooring planks have deep wood surface texture to give a real wood feel.

Why Rigid Core Click Vinyl Flooring? The difference lies in its Advanced Engineered Structure which provides superior performance. The strong stability layer keeps the flooring its original dimensions when subjected to changes in temperature and.
