5 x Solid timber doors with single glazed glass panels. Approx size 1950mm x 750mm. Four of them come with 'standard' handles & one was previously a sliding door so has a different handle catch (as pictured). They need a good clean up, ideally sanding down & re-staining, but are structurally sound and being replaced due to refurb, not because they weren't working. Buyer will need to collect from Tonbridge. £10 per door, or £40 if you take all.
