PEUGEOT SPEEDFIGHT 3 50cc, Automatic, 2011 61 Reg , 1 miles, GREY AND SILVER. Peugeot have paid attention to retaining the sporting lines and distinctive appearance of the first Speedfight, while uprating the functionality of the allnew Speedfight 3. Central to the new design is the revised chassis, with the fuel tank relocated to a central position under the floor pan, which significantly lowers the centre of gravity. Combined with 32mm hydraulic forks replacing the single arm on previous models and larger 13 wheels, this gives classleading handling. Braking gets the latest technology too for the first time Peugeot have fitted a dual piston radial calliper, which works with the 215mm Shurricane front disc brake for powerful and controllable stopping power. The relocated fuel tank is expanded to hold 8.5 litres 2 gallons, so the Speedfight 3 has a potential range of up to 150 miles. Under the seat is a substantial storage bay and there is even a dual function 12V socket so that mobile phones can be charged on the move. 2 year unlimited mileage.
