The Kamikaze is an ideal board for an intermediate rider looking for a fun Freestyle board on a budget. At this price it really offers superb value for money as it still features some great board tech that you would expect from a more expensive board. The Hybriditaper Construction tapers out the core at the tip and tail to reduce the swing weight enabling you to spin and jib with greater ease. The Flatline technology creates a hook free ride, whilst still keeping a solid edge hold and through turns and transitions. If you are on a budget, and looking to spend a lot of time in the park, the The Kamikaze is a really solid option that is gonna be tough to beat.
