Very comfortable to drive, high safety rating, very quiet inside for a diesel, has Michelin Premacy 3 tyres fitted, start stop technology, electric handbrake, auto hold on a hill, cruise control, front and rear parking sensors. I bought it at the beginning of winter as our 2nd car to do school runs and commute to work via motorway. Car can do 72mpg at higher speed. In traffic, this car still makes 50-55mpg. It has strengthened windows all round which makes it quiet inside. Easy to heat up and defrost in winter. It has a separate boot. It comes with service book and manual - all stamps present as previous owner was a company. I bought it for cash so there is no finance on this car. MOT valid till Oct 2018. No scratches or dents. Mint cond. Selling as we do not need 2 cars.
