JUST COMPREHENSIVELY GONE OVER BY A VERY VERY HIGHLY QUALIFIED HONDA TECHNICIAN AND HE SAID AND I QUOTE " ABSOLUTELY AMAZING CONDITION YOU ARE NOT ASKING ANYWHERE NEAR IT'S TRUE WORTH". We have now had a considerable number of realistic offers getting very close to what we would accept, if you had seen this bike your hand would have shot out of your pocket immediately, this is nothing like your average CBR. This is the sweetest handling 118 BHP last of the carbs model that the collectors are after. We are led to believe that this model is extremely sort after in the USA and what they do we always copy, don't you agree? You won't believe the condition of this bike, sure it's got the odd tiny mark but could easily pass for 6 months old it is that good. It's unlikely you will ever find another as good as this.

Original FULL fsh book, Original receipt for purchase of bike. This bike has hardly seen any work in the hands of its one owner and we doubt its seen any rain in it's life. Ultima light stands for its light ally frame and these last of the carb bikes were given considerably more power than the earlier bikes. They were noted for being able to do high mileages in comfort unlike normal sports bikes and were renowned for their sweet handling characteristics. Unfortunately at this price we can't give a warranty but you are welcome to bring as many highly qualified experts as you like to vet this bike. I WOULD NEVER EVER SELL THIS BIKE IF I HAD ANY SPACE LEFT IN MY GARAGE. Were are even getting dealer inquires from abroad about this bike.
