I am a professional photographer based in the Derbyshire area but I also cover Nottinghamshire and Leicestershire and surrounding areas. I have been a freelance press and PR photographer for over 25 years and have also undertaken many weddings, about 300 over the years!

I am cutting down on the press and PR side of and concentrating more on the wedding side. Please take a look at my samples, most of the weddings you see here are from recommendations, as up until now I have not really advertised.

The £185 package is to cover the marriage, Bride and Groom with guests before and after Church, Civil venue or Registry office.

The package can be upgraded to include Bride at home before the ceremony, and/or the guests at the reception and cutting of the cake.

Coming from a press background, it is normal for me carry two of everything, for two reasons, one is for back up should anything go wrong, but mainly the reason for two cameras, one with wide angle and one with telephoto is so I don't have to keep changing lenses which saves time and also means I can react quickly to any surprises.

The couple will be supplied with all images edited and presented on CD plus a USB flash drive in a gift box. The couple will also be presented with an overriding letter giving them full copyright to reproduce and print the images in any way they wish.

Thank you for looking, and best wishes for the future.

Feel free to contact me on the numbers on the the first photo if you.
