I am a professional photographer with 25+ years experience of press, PR, weddings and portrait photography. I am cutting back on the press and PR side but I still want to continue with the weddings and family portraits. As you can see from the samples I make these fun, for instance the one with the children writing their name is actually their own handwriting done seconds before the photo was taken, which shows how they have developed at that age, I won't say how it was done but it REALLY is their handwriting. I bring backgrounds and lighting to your house and when the shoot is complete, I will edit and let you view all the images, then you can choose two images that I will print as 10" x 8" photos. You will of course have the option to order any of the images as larger, smaller or canvass prints at a very reasonable price.

I also do photo restoration, if you have a stained, creased or damaged let me see if I can restore it. You can contact me directly if you prefer on 01332 774816 01332 7748...(click to reveal full phone number) , 07870 960616 07870 9606...(click to reveal full phone number) or at click to
