XL size it doesn't mean fat or big. Just long, normal size guy, not chubby.

Worn a few times, the reason I'm selling it I bought a Biker black leather jacket, different cut.

An essential leather jacket in vintage finished soft leather.

This jacket features a double layer collar, four front pockets, zip front fastening and has zipped cuffs.

Inside the Ryan leather jacket has a two part lining featuring a herringbone tweed upper lining and has a single inside pocket.
