The Under Armour ColdGear Infrared Women's Crew Neck Long Sleeve Running Top's metallic ColdGear® Infrared internal print employs a soft, thermo-conductive inner coating to retain heat and provide comfortable, consistent insulation whilst a 4-way stretch fabrication accommodates a full range of motion, unimpeded comfort and excellent shape retention. Under Armour's signature Moisture Transport System wicks moisture away from the skin to encourage a cooler, drier internal environment whilst anti-odour technology works to quell the spread of odour carrying bacteria before it has a chance to compromise the garment's freshness. The piece is finished with exaggerated, ribbed cuffs and a crew neck that lend it a voguish simplicity and intrinsically feminine silhouette.
