You can pay either via cheque made out to Stephen Caulfield or bank transfer (please contact for bank details). The address to send cheques to, is on my site at the bottom of this advert.

All willow provided, some spare tools are available to share if you do not have your own secateurs and bodkin. You do not have to purchase your own but would be an advantage.

I have been professionally making baskets for a living for over 32 years now. First starting as an apprentice in the 1980's. Then moving on to piece work there after. I chose to do a longer apprenticeship than some others, as I could then make a much larger variety of baskets while on piece work.

I became self-employed and opened my own business in 1992. I have supplied Harrods and film studios etc. as most of my items are made to measure professionally

This is a one day beginners course showing you how to produce your very own Oval shopping English willow basket. You will be tutoured and shown the traditional stake and strand basket making method. Using a variety of different coloured willows you will make and take home your very own.

This beginners course starts at 9.45am to 4:30pm.

It is hosted on National Trust Land by East Clayton Farm, Storrington Road, Washington, West Sussex RH20 4AG. They will receive, 10% from each of my course prices towards their cause. It is in a new large log built building on these premises. This is an old Google maps picture attached, so does not show the building.

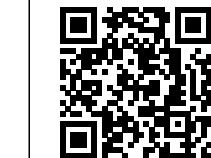

You will need to make your own way to the venue as transport is not supplied. There is a bus stop that is a 5 minute walk away from parking. It's best to go through the gate and on the left. Next to the new white crossroads living building.

There is a 1 hour lesson break between 12-1pm, please bring your own packed lunch as there is no tea and coffee available.

Up to 8 people per course maximum, to keep tuition to a individual level.
