# Welcome to Bayswood Gardens

Our customers vary from young professionals, to retired couples, and Landlords and Property Developers to Commercial clients such as Dentists and Doctors Surgeries.  
No matter who the customer, everyone will require garden maintenance at some point in their busy lives.  
We love working to improving the look and feel of peoples gardens and treat them as our own.

Using our hard work and experience in maintaining gardens to a high standard on a regular basis, we can tailor a garden maintenance programme to suit your gardens and requirements. Whether you would like a "stripy" lawn, attractive and weed-free flower beds or a simple garden tidy up, we can make this happen.

We maintain student properties, work with Landlords and manage residential gardens across Surrey, with each garden varying in size, style and its requirements.

We can maintain your gardens on a weekly or fortnightly basis, depending on your needs and the needs of the garden. Whether you have a small lawn with surrounding beds, or a 1/2 Acre garden of shrubs, lawns and beds, we can help.
