It's too time consuming to list all of the artists mentioned in each issue but I'm happy to talk you through the contents of individual issues if required. They have been stored in a succession of attics for up to 40 years so the page edges and folds tend to be a bit fragile and flakey. Most now sold but over 100 different issues still available. I bought Melody Maker every week throughout the 1970s and I'm selling off the last of my collection. Inspection welcome. Cash on collection only. No postage or delivery. Save money and buy all 6
