ROYAL DOULTON MANDALAY DINNER SERVICE., Royal Doulton fine china. 6 Large dinner plates, 8 smaller side plates, 7 tea plates and 6 dessert bowls. Made in England, this dinner service is called MANDALAY t.c. 1079. It is beautiful to look at and use! This dinnerware has long since vanished from the shelves and is no longer made. Originally made from 1971 - 1986. The lovely set still has strong colouring and a high definition pattern as it has only been used on rare occasions, such as Christmas, Easter and maybe Birthdays. I also have a super KINGS set of cutlery in a walnut box which complements it very nicely, but is available with or without. The item location is: Cheddar, Somerset. These sets regularly reach £10+ per item, so these are a bargain.
