Blue oil painting of a country cottage., Out of all my paintings, this one was always my favourite because of the detail in every flower petal, every leaf and grass stalk. Not sure of the artist. The name is probably hidden below the overlap of the frame, which itself is finely decorated with black and gold leaves and flower. Size 23.5" x 19.5", or 60cms x 50cms. For sale due to ruthless downsizing, otherwise I'd never dream of selling it. Still, a bargain for someone. Item location: Cheddar,.
