Kensington Microsaver Security Cable Model 64020D - New (unused) - AllinsiteUK (10

Location **West Midlands, Warwickshire**
https://www.freeadsz.co.uk/x-584528-z

Unused laptop / notebook security device.
Allows for secure connection of your Kensington slot enabled device to another immobile item such as the desk or a heating radiator preventing opportunist theft.
Model number: 64020D

Keep your laptop safe and in turn, protect your personal information with the Kensington Microsaver® Laptop Lock. It features a T-bar locking mechanism and 1800mm long, 5.3mm thick high-carbon steel cable with a carbon tempered steel core. Simply attach the lock to the Kensington security slot found on most laptops, and use one of the two keys supplied to operate it.
The laptop anti-theft lock kit features Hidden Pin™ technology to ensure tubular locks cannot be picked, and Anti-Shear™ technology, which protects your notebook against intrusion by force. The built-in defence system guards against lock tampering, while the Tamper Evident™ technology alerts you if someone has tried to steal your device.
This Kensington lock has been tested to resist lock-picking, corrosion, tampering and extreme environments. Lock down your laptop for optimum security and added peace of mind with this strong, high quality laptop lock.

Features
Protect the priceless data on your ultra-slim notebook with the Microsaver® Security Cable.
