The NC750S from Honda has smooth curvy lines, with a bulked up shape & presence, not always seen on a naked bike. These models make fantastic commuters as well as good long range rides due to a big MPG range. The bike boasts a comfortable seating position both in the saddle & on your arm position to the bars. As standard you get wavy discs, Nissin brakes with ABS, along with integral helmet storage, which is position where the fuel tank would normally be, so you'll never be stuck when you're out & about of where to leave your helmet. The satin finish on this bike is superb & really draws your eyes in for a closer look. Upon throwing your leg over this machine, you feel sturdy & within seconds find the perfect seating position for your height & build thanks to the large saddle & room to move. The Metzeler Roadtec Z8 tyres are an excellent choice of rubber & are a very recent fit. The bike only has 579 miles on the clock from new so has only been bedded in, so why not take advantage? Established in 1980, DC Motorcycles is one of the longest established motorcycle showrooms in the Huddersfield area. In stock are many New & Used bikes, & we offer finance with MotoNovo Close Brothers & Black Horse, so finance can be arranged & settled on your behalf. We also have full workshop facilities available. There is a full stock of clothing, protective equipment & many accessories on our top floor so why not pop in for a coffee and browse our stock in our purpose built.
