If Your Going away.... Locksmith Portsmouth "Lock-on Security" advise You don't want to get caught with tools on you. Most burglars will improvise and just use something you have left outside the home. 'They are opportunists. Open windows or back doors are immediate invitations as is that dusty keyhole. I would also guess that although you have a house alarm, the dusty nature of the box suggests it is rarely used.'

The alarm is too much of a hassle to use all the time – only when on holiday.

If the front of the house looks weak then the rear will be even weaker. But I would not bother going round the back as I have already found a way in. It wastes time and risks a neighbour seeing me – a burglar just gets on with the job.'

He is impressed with the double glazed windows with locks – even more so with the wooden shutters on the inside. But his eagle eyes miss nothing.'Even from outside I can see your family calendar – showing me when you are going away and inviting me to break in. Considerately, you have also put on view all your keys on hooks with labels on what doors they are for. A burglar appreciates such kindness but you will find it expensive when you have to replace all the locks after a break-in.;
