

# Vonshef Filter Coffee Maker With Grinder New (35 GBP)

With dual function coffee maker it's easy to create rich, one shop style drinks in your own kitchen. Integrated coffee grinder grinds beans just before brewing, saving you the hassle of a separate grinding appliance while ensuring fresher, tastier coffee. Alternatively, you can remove the blade to make coffee powerfully.

versatile coffee machine also features a reusable stainless steel mesh filter, which can be used alone or with disposable paper filters. The translucent container with a generous 1.5L capacity produce 10-12 cups of coffee in one go, making it just the right size for large family homes, the workplace and social events. Rest assured there's no guess work with the VonShef® Coffee Maker, features a handy water level gauge with markers, so you can see how full the appliance is and brew just as much as you need.

stylish design with large blue backlit digital display screen clearly lets you make your coffee exactly when you want it. Whether you like your caffeine fix first thing in the morning or after a long day at work, you won't have to wait around.

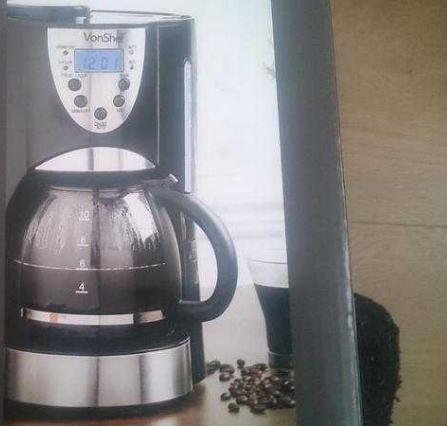

more, the coffee maker also comes equipped with a keep warm function to keep coffee at just the right temperature. Anti-drip prevents any leaking. Triplex safety switch prevents the coffee from working when the filter lid and funnel lid aren't correctly.

Offering style as well as substance, the coffee maker features a contemporary stainless steel/ black body - to add a chic touch to the kitchen.

comes with removable funnel.

measuring spoon.
