

**Star Wars Episode 1 Electronic Galactic Chess by Tiger Electronics Ltd (25 GBP)**

## Location

## **East of England, Hertfordshire**

Here is a Star Wars Episode 1 Electronic Galactic Chess Game which has 420 playing levels and 5 playing styles ranging from very passive to very aggressive plus a teach chess option, pre-programmed opening strategies, take back move and save game in memory functions. The small plastic chess pieces have magnets in the base and the figures are based on various characters from the Star Wars film!

The box looks a bit beaten up but the manual, quick start guide and all the chess figures are intact. There are no marks or scratches on the board, the battery compartment looks clean, and even the manual looks unused. I unpacked it to take photographs, check everything was present and put a set of batteries in to test that it works - as can be seen on the photographs the LCD screen shows moves and information.

Please view the pictures as they show the condition and make up part of the description.

The sale includes chessboard, original chessmen, instructions, quick start guide, box and packing.
