

# Mini One Hatch 2004 (1,795 GBP)

Location **South East, Surrey**  
<https://www.freeadsz.co.uk/x-585942-z>

Mini One 1.6 Petrol Hatch, 2004, in Black with 110,100 miles on the clock, with full documented service history.

The current owner has had the car for over 2 years (his first car), and has covered about 17,000 miles during his ownership.

Very clean condition with only a few age related marks and minor dings. Photos show an realistic view of the car - including a patch of wear to the drivers seat.

Alloy wheels, electric windows, air conditioning, recent Sony Bluetooth Audio system with USB conn activity too.

Last serviced 1500 miles ago in late October 2017, MOT till 16th November 2018. Currently the car is on a SORN, stored off road in Heathfield, TN21.

It's just had the power steering pump replaced in late March (a common Mini fault), and clutch, discs, pads, radiator and exhaust have all been replaced in the last couple of years.

It's also had a gearbox rebuild 3 years ago - so peace of mind for a new owner as this is another known weakness of the earlier Mini's.

Bill to prove the work carried out, service book and MOT history show this is a well looked after car. Photos show some of the history included with the car.

Viewings in Heathfield - available at home most days / evenings. Private.
