This 'Desire' 2-seater fabric sofa bed (purchased from Furniture Village) is in immaculate condition. It is perfect for the spare bedroom, yet stylish enough for the living room.

With outward curving arms and soft supportive cushioning, this lovely sofa bed makes a wonderful everyday sofa – comfortable and well-cushioned. It's beautifully upholstered in a durable, red flat-weave fabric. The seat cushions are also reversible, making this sofa bed extra hardwearing.

This compact sofa bed really comes into its own for when you have guests stay over. It opens quickly and easily, thanks to the simple three-fold mechanism, and offers an extremely comfortable night's sleep on the 100mm deep mattress.

The 'Desire' 2-seater sofa bed from Furniture Village has been superseded by a very similar model under the name of 'Twilight', which currently sells new for £540.
