What a stunning looking supersport machine! You can tell from the colour scheme, straight away that this is Suzuki GSX-R & this one is the 600cc version! Suzuki's legendary blue & white paint scheme has always been eye catching & is no exception on this K8 model. The previous owner added quite a few trick bits to really stand this bike apart from the rest including a Yoshimura carbon tip can, which has just the right pitch & grunt to sound perfect & not offensive. There are colour coded Titax stubby levers, Gilles rear sets for the perfect foot position & feel, Renthal chain & sprocket along with an adjustable dog bone for the suspension. To add to the look there is an iridium screen in blue which looks fantastic! Down the bottom there are paddock bobbins for essential maintenance & storage, Tokico radial brakes & brand new Continental tyres fitted by us! Booth books, spare key & a good service history of 7 stamps, will also come with a fresh service & MOT for the new owner. Established in 1980, DC Motorcycles is one of the longest established motorcycle showrooms in the Huddersfield area. In stock are many New & Used bikes, & we offer finance with MotoNovo Close Brothers & Black Horse, so finance can be arranged & settled on your behalf. We also have full workshop facilities available. There is a full stock of clothing, protective equipment & many accessories on our top floor so why not pop in for a coffee and browse our stock in our purpose built.
