

# Kawasaki ER-6 2008 (3,395 GBP)

AWAITING PICTURES

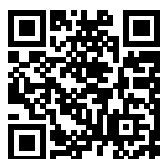

Location **North, Cheshire**  
<https://www.freeadsz.co.uk/x-586062-z>

Here we have a fantastic commuter / starter bike which can also be restricted for an A2 Licence holder (at an additional cost). This is the faired Kawasaki ER-6, which looks lovely in gloss black with silver detailing and accents. If you commute daily then these bikes have a huge MPG return, low running costs & cheap insurance. If you're a first big bike rider then this will be a great model to cut your teeth on as they are quite forgiving, easy to live with, & this model will allow you to get that big bike experience, without being too daunting. The bike handles perfectly, & with this being the faired model you do receive quite a bit of protection on those windy days! The bike has a Meta alarm system fitted, with a spare fob & also the original installation certificate too. As standard you have wavy discs, the all important ABS & a short can. The rubber on this bike are the fantastic dual compound Bridgestone Battlax BT021R tyres. Go on treat yourself today, & get a Kwak! Established in 1980, DC Motorcycles is one of the longest established motorcycle showrooms in the Huddersfield area. In stock are many New & Used bikes, & we offer finance with MotoNovo Close Brothers & Black Horse, so finance can be arranged & settled on your behalf. We also have full workshop facilities available. There is a full stock of clothing, protective equipment & many accessories on our top floor so why not pop in for a coffee and browse our stock in our purpose built.
