

Lexmoto ZSA 2016 (1,395 GBP)

Location **North, Cheshire**
<https://www.freeadsz.co.uk/x-586063-z>

If you're looking for a good little commuter, nearly new with low running costs, then this Lexmoto ZSA 125 could be just what you're looking for. Finished in stunning blue & white, this bike has only done 215 miles from new, and comes with wavy discs, a fuel gauge, gear indicator & electric / kick start as standard! The kick start is invaluable because even if you flatten the battery you can still start the bike with the kick start! The bike is on a 16 plate, and will come with a fresh service so you'll be good to go. These models are a great choice as a daily commuter on a CBT & a provisional licence from 17 years of age, because of the low insurance & huge MPG returns. They're also a great choice if you're looking at getting some experience in before your big bike test, either choice this bike is a winner! The annual tax on this bike is just £18 so what are you waiting for, this one is a good choice no matter what your plans are! Established in 1980, DC Motorcycles is one of the longest established motorcycle showrooms in the Huddersfield area. In stock are many New & Used bikes, & we offer finance with MotoNovo Close Brothers & Black Horse, so finance can be arranged & settled on your behalf. We also have full workshop facilities available. There is a full stock of clothing, protective equipment & many accessories on our top floor so why not pop in for a coffee and browse our stock in our purpose built.
