Miele G641 Plus Dishwasher is a full size, under counter, 600mm wide unit. I am selling it because we are having a new kitchen fitted. It works perfectly. Has settings for pre-wash. economy, normal 50 degrees. 55 degrees, 55 degrees plus, and 75 degrees centigrade intensive. It cleans superbly and has never been any trouble. Comes complete with oak décor panel, which can easily be changed to your own. Buyer to.
