BMW 330ci M Sport, excellent condition and rare 6 speed manual; real head turner and the best option I believe.

Everything works as it should, roof in perfect condition not leaks or tares; just had weather seal and conditioned. I bought the car in March 2014 and it had 88.6k miles on it, now has 99.6k so only 11k in 4 years; as I only used as a summer car. Has 6 service stamps, with last service at 84.5k, though as can be seen in pics; lots of other receipts.

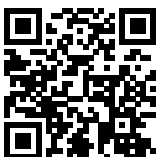

Had front discs and pads changed, front callipers and fluid flush and change at 97.3k, also excellent tyres all round. All the original books and in the original BMW leather folder.

Top spec factory fitted Harmon Kardon sound system, sounds great. Original wind protector like new, in original bag in boot. Rain sensing wipers, cruise control, electric seats, auto dimming mirror etc.

Sad to see her go, but as the mileage shows; she doesn't get used as much as she deserves.

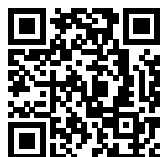

Have priced mid range after reviewing similar cars on this site, though most are auto and much higher mileage.

Think she is one of the best out there for her year and body work only has very few and light age related mark; nothing to really speak about and is solid with no rust.
