This car has been owned by me since 2004 and has been regularly serviced and maintained throughout. It has never had any major faults or breakdowns and has been super reliable. It has had no collisions so exterior is good and no children, pets or smokers so interior is also very good. Below average mileage only 106,000 miles. It had new exhaust and catalytic converter last summer and new front brake pads at its recent full service 6 weeks ago. MOT until August. Receipts available for all recent.
