My name is Odeta and I am from Lithuania. I have been a skincare, beauty & massage therapist and spiritual healer for more then 7 years and I am very passionate about making skin look and feel great . I used to work at the "The Landmark Spa & Health Club" for 5 years. The reason for opening my own business is because I feel there is a need for you to enjoy your treatments at home in your own space so you don't need to travel and also at my place where you can come and forget about everything. Also not only enjoy my relaxing, de-stressing treatments, but more importantly also get a fantastic end result and feel joy! Also I love to help and heal people spiritually and make them happy again to enjoy their life! I have been Espa and Voya product specialist for 5 years. Last year I started using Elemis products for my treatments too. I also work with different organic face products and oils from Morocco and France. Espa, Voya and Elemis are customized products ranges designed specifically to your individual skin type. Also products are 96%-99% organic.

No matter what concern you have: aging,acne,pigmentation ,sensitivity, muscle pain, lack of energy, cellulite, stretch marks or you just tired and just want to relax, the treatments that you choose are never the same, it will be customized to your unique needs.

Beauty, body and spiritual health are the secrets of happy life!!!

Please note that I provide only professional treatments. I don't provide sexual or sensual service. My services can decrease stress, relax the mind and body, diminish pain, decrease depressive and anxious feelings, increase concentration, and promote healthy sleep. I can assure a warm welcome, friendly, professional advice and at all times you will be treated with respect and in strict confidence.
