

The image shows three volumes of the *Proceedings of the Geologists' Association*. The leftmost volume is green with a circular logo at the top. The middle volume is white with a circular logo at the top and the text "PROCEEDINGS OF the Geologists' Association". The rightmost volume is green with a circular logo at the top and the text "PROCEEDINGS OF the Geologists' Association". The volumes are arranged in a row, with the middle volume slightly behind the other two.

This set is comprised of the following specific publications:

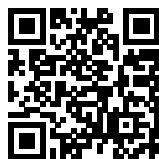

1977, Volume 88 Parts 1 to 4

I would prefer the buyer to collect, and pay, for the collection. However, if essential, I would be prepared to send these parcels by a local air freight mainline to the UK, at the buyer's own additional £16.50. In this situation I would make every reasonable effort to pack them as carefully as

possible so as to help ensure their safety. Regret no returns accepted.  
Please note that in addition I have a small number of single volumes available for sale individually.  
Please contact me if you would like more information on these. Thank you.
