In addition to my other services, I also create and maintain bespoke websites for individuals, small companies and high street/home-based businesses. Linking your website to various social media accounts along with Search Engine Optimisation will help give your business more exposure. I can also help you with tuition on your own PC, in your own home. Some of the most requested topics include...

Adobe Photoshop  
Office/ECDL  
Windows & PC Essentials  
Surfing The Web  
Online Shopping  
Staying In Touch  
Online Entertainment  
How To Maintain My Own PC

A service is also provided if you need assistance with any new tech you've bought for your household, ranging from setting up a home entertainment system with surround sound, to smart phones, tablets and even robot vacuum cleaners!

Tech Tutor will install and set-up your new device and provide an overview on how to get started, saving you time and removing the frustration out of instruction manuals!
