Repairs & Support
We repair all things technology from your humble pc to your trusty mobile phone. If you have a device that is not working, we will diagnose and fix it.
Our services are as follows:
* System Repairs (Desktop, Laptop, Tablet, Mobile, General Electronics)
* Software Support (Office, Anti-virus, Anti-Malware)
* Data Rescue (All Storage Devices)
* Data Transfer (From an old device to new)
* Backup Solutions (We will find the best path for you to secure your data)
* Data Protection (Service to better secure your online profiles)
* Tutoring (For all ages on computers and gadgets)

For more information or inquiries, please contact us with the information at the bottom of this advert.
Business
Own a business? We provide tech support using remote assist software and provide repairs and maintenance services for all I.T systems and peripherals. Server support covered with our support level contract with flexible term and rates.
Just some of the advantages of our service level contract*:
* Up to 24/7 Remote assist
* Remote and local backup solutions with regular testing
* Networking and server architecture planning
* Weekly server maintenance and file integrity scrubs
* Tailored support for your businesses needs
* Subject to service level agreement contract terms and conditions

Software Development
Need to streamline your business or need a small solution to your data needs. We create software to your specification. From programs for your pc to mobile apps and server hosting from your website; we design, develop, test and upgrade based on your feedback.
We have a dedicated team to work on your application. Just some of the frameworks and systems we work with:
* Operating System Specific (Windows 'win32', Apple Mac 'swift', Linux 'C')
* Languages: Java, C++, C#, Python
* Databases: SQL, mySQL, postgreSQL

Tora Tech https://www.freeadsz.co.uk/x-588153-z

* Websites: HTML, CSS, PHP
