For sale is my Honda Civic 63 plate 2013 in silver. Car has only done 34k miles, drives perfectly and looks good. I purchased from my local Honda dealership, so I believe any MOTs and Service Histories would have been done through them. Will be valeted once sold, comes with 2 keys and service history book.

Car is loaded with sat nav, rear sensors, guide me home headlights, bluetooth, reverse camera, automatic headlights and windscreen wipers, cruise control. Large boot space for a hatchback. Lovely example. Also £0 road tax so great on emissions and fuel economy.

Reason for sale is that a change in job mean that I no longer need the diesel engine, as I won't be doing enough miles for it to be beneficial.

Any questions, please ask. Viewings welcome :)
