Course details for Introduction to Pilates:

Week 1: Breathing. You will be taught breathing exercises during the class prep (warm up). The class will then progress layering in breathing patterns for 7 essential 'breathing' moves.

Week 2: Posture and Mobility. We will look at our posture and learn about neutral spine. You will learn how to stand, sit and lay down to improve your posture and performance of Pilates. I will teach 7 essential 'Posture improving' Pilates moves.

Week 3: Muscles and Strength. You will learn about your core muscles, (known in Pilates as your centre or 'power house').

Week 4: This class is a celebration of all above. You will complete 9 moves of the 34 repertoire which will demonstrate the beauty and flow of Pilates. The first 6 will be in sequence (minus one which is an

advanced move) as Joseph Pilates would have taught. In this class we will cover again: breathing, posture and strength.

Barre Pilates is a fusion of ballet and Pilates at the barre. It is the most fabulous legs and glutes (bottom) workout as well as perfect for improving posture and strengthening the whole body. You do not need any Pilates ballet or barre experience to come along and enjoy this course. It is for complete 'Barre' beginners.

"Another fantastic course. I really enjoyed the variation to the mat work and looked forward to class every week. It was great to learn the moves incorporating the Barre and I loved the tempo of the class. All in all a great workout that complemented the other course I was on and the weekly classes. Great job!"

'I thoroughly enjoy the Barre Pilates class, a great combination of Ballet and Pilates, the toughest yet most enjoyable class I have done in a very long time and loving the relaxation at the end of the class too. Pauline increases the intensity gradually each week and her detailed knowledge and experience shine through'
