

## kc reg very rare colour pug puppies (995 GBP)

Location

Yorkshire and the Humber, South Yorkshire

<https://www.freeadsz.co.uk/x-588590-z>

pug puppies come from champion bloodline with very unique colours consisting of silver.white/chinchilla and black they were born in a temperature controlled environment to help with there full potential of growth and health,The breeder has over thirty years experience and ensures that all puppies are sold to the highest standard.which entails good food and a lot of interaction with them so they stay very calm and playful.All pups will have there checks done,including very important heart check.They will be fully wormed .flead inoculated and micro chipped and will be ready to leave their mother at eight weeks in the peak of health.These pups will make excellent show dogs or just family pets for any age as they want be hard to handle they have short legs and are good chunky specimens like the mother and father,The breeder will give a full diet sheet for the care of the puppies and advise on the food so the pup dosent get runny stools ,There will be advise given at anytime throughout the dogs life to keep it to a good standard and vet free complications .Mother and father are very calm and playful dogs as they are a big part of our family life and a joy to be with loads of cuddles such a perfect dog

They were born on the 21st of march want be ready till eight weeks but taken deposits and making a list for people to see them small deposit secures

rare silver 1500

chinchilla 1200

white 1200

black 995 all puppies will be toilet and lead trained come with puppy pack and six weeks free
