Hotpoint e604 electric hob

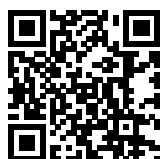

white enamel
 4 burners
 hard wired
 all parts including clips that hold it to the underside of the counter are in perfect working condition
 includes installation and operating instructions
 less than one year old

Bought this as a stop gap when our old hob gave up the ghost last summer. This was always a temporary appliance as we knew we would renovate our kitchen within a year. Now the hob has been removed from the kitchen counter and is ready for collection. I have salvaged the rubber seal stuff that creates a seal to the counter, but this said, new rubber seal might need to be purchased. I have thoroughly cleaned it.
 It cost £109 new. Asking for £60 but will accept.
