This very fast PC with Intel motherboard and Xenon 2.50GHZ Intel quad core cpu is in excellent working order with 4GB RAM with a 250GB hard drive. It has Windows 7 Professional with license activated and all updates loaded onto the hard drive with Antivirus, Malware protection! It has a vga onboard intel graphics with the option to put your own PCI- Express 2.0 graphic card into the PC. If you would like me to add a 120GB ssd drive to make the PC boot up in less than 30seconds then please add £35 to the price. I can show this fantastic performance improvement when you view the PC base unit.

It has a 350Watt power supply inside the case. It has a DVD writer which is capable of creating CDs and DVDs. It has a memory card reader which can be used to read and write to a wide range of different memory cards. It has a wifi card giving you wireless to all wireless routers.

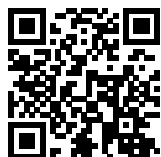

It is in excellent working order and in excellent condition. This PC doesn't come with any screen, keyboard or mouse. However it will all be seen working.
