Unbelievable prices now available from Frenzee, the Match Pro series!

Built around the rigours of modern match fishing these rods more than meet the needs of today's large and small commercial fisheries.

The models available, two wagglers and one feeder rod have been designed around the demand of the public needs crossed with performance and with value to match. The 9 feeder rod will excel in most situations performing most admirably at very good distances. The soft through action blank allows great fish playing without any flat spots. Perfect for close quarter battles with very big, hard fighting commercial carp.

The rods, designed with Frenzee's own quality reel seat, SiC guides throughout, duplon/cork handle then finished with our trade mark attractive Orange and Black livery.

All the Match Pro series come supplied with a quality black cloth bag trimmed with orange piping and ties.
