Offers are welcomed.
From a very clean, smoke-free and pet-free home.

Also:

- a clean phone
- bought from the centre, from a well-known store
- NO funny business around it, guaranteed

If you look like myself for:

- good sound quality
- intuitive options menu
- reliable physical keypad, and
- basic functionality (without all the unnecessary apps),

this may be the device for you.

The phone is in mint condition and comes in the complete, original package.
It has been used ONLY a couple of times for bench-marking purposes.
The conclusion is it scores quite high.
