Ovation Legend 1867 Model made in U.S.A
It has a shallow body. I've had it for 20-25 years. Paid £1250 from Denmark St.
A great professional instrument that sounds great plugged/unplugged.
It has 3 band E.Q and takes a 9volt battery that seems to last forever.
I don't gig anymore so it is under utilized - never underplayed.
I have played it every day for over 20 years and the fingerboard is stllii immaculate.
Some cosmetic damage as can be expected on a used instrument of this age.
Fantastic value.
Solid Aged Spruce top, EbonyFingerboard & Bridge, very thin neck-plays like an.
