Beautiful Jose Ferrer guitar with solid cedar wood top (for added projection) and mahogany back and sides.

It has low tension (light) strings and a nice action for a classical guitar.
 This guitar is as new-not a solitary scratch or blemish. It is great value.

A 2 1/4" neck at the nut 2.5 at the belly compares well to many steel string guitars.
 I find that Classical guitars often have very wide necks and moving from Classical to steel string guitars isn't always fluent, it needs a period of adjustment.
 This guitar has no such problems for.
