An excellent awning for your motorhome/campervan/caravan that has had been erected twice both times of very short duration but has now become surplus to requirements so am selling it.

The quality of the awning when I first unwrapped it was outstanding the build and materials used were top class . The pneumatic erection is very quick I think I counted twenty pumps but not sure and likewise the deflation/packing away very quick. It will be sad to see it go but I cannot see me using it in the future so it is yours for a very reasonable sum of £425.00 but I would prefer buyer.
